Reflection on our learning

Dear Parents and Carers

It is getting hot! Your children have worked so hard this week to stay focussed and on task in uncomfortable conditions. I'm really proud of the perseverance that they have shown in order to keep going. We have of course, had our Year 6 residential this week - more on that later. While Year 6 were away, the rest of the school has made the most of their chances to learn new things and have new experiences. Year 4 played badminton this week (I hear it is like tennis but with feathers) and some classes had collaborative Forest School sessions. As we move into the summer months, please ensure that your child has a bottle of water, a sunhat and suncream on, as they will be experiencing more of their learning outside. I hope you all have a fantastic weekend - stay safe.

This week in our No Outsiders assembly we talked about Pride Month. We talked about what it means to be proud, and children discussed that it means being happy with something that you have done or a way that you have acted. We talked about how Pride Month was a chance to show everybody that they can be proud of who they are and that we are proud of them for being the best version of themselves. We talked about how some families in our school and wider community might look different, and children shared who lives with them at home. We decided that it doesn't matter what your family looks like or who is in it, as long as everybody loves and respects each other.

Parent/Carer Impact

It has been lovely chatting with so many of you on the playground in recent weeks, especially now that it is warm and sunny outside. In my recent conversations with parents, I have heard from a few parents recently, that their children are getting hot and flustered in the hot weather and that is leading to little fallings out in school. Please allow me to remind you to let the class teacher know of these frictions and incidents so that they can support it to improve in class.

Year 6 Residential

Year 6 had a fantastic time away in the New Forest. They partook in lots of new experiences including: crate stacking, archery, zorbing, go karting and zip wiring. We are so proud of the perseverance and resilience that they showed in pushing past their fears to complete these activities. They had a brilliant week full of smiles and laughs. Here is a small selection of photos to give you a taste.
